ComUE Université Grenoble Alpes

Université Grenoble Alpes extends throughout the alpine corridor, from Valence to Annecy, bringing together the higher education and research establishments (universities, grandes écoles, research bodies, and university teaching hospital) from all over the French Alps territory.

UGA's mission is to achieve excellence in undergraduate and graduate education, research, innovation and public service. The university provides superior and comprehensive educational opportunities at all levels, from bachelor to PhD, to students and professionals. UGA contributes to the advancement of society and nation through creative activity, development of new knowledge, innovation and public service to the society.
