International networks

The international policy of UGA is intensive: double degrees, summer programs, 7 Erasmus Mundus Master Courses, 4 international Bachelors, 43 English language Masters, a shared International Student and Scholar Office and world-class language centers (*Centre Universitaire d'Études Françaises, Maison des langues*).

UGA is involved in many European networks (e.g. Sgroup, Cluster), trans-national mobility networks (e.g. ORA, TASSEP, ISEP, CREPUQ) and international consortia (e.g. RESCIF, IIT Jodhpur, USTH Vietnam, AUF).

Many new solid partnerships have emerged over the last few years:

program Grenoble-Japon with Tsukuba University and Kyoto University

program Grenoble-Brazil with PUC Rio, USP, UNESP

but also Boston University, Université du Québec in Montréal, Université libanaise, Federal University of Parana in Brazil, Swansea University...
